

ACTIVITY 6 — CHECKLIST**Data Collection, KPIs, Check Sheets, and Basic Metrics**

TYPE	DURATION	DMAIC PHASE
Core Activity	45 min	MEASURE

Name	
Date	

Self-check — Data Collection, KPIs, Check Sheets, and Basic Metrics

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

#	Criterion	Evidences	✓
1	Data classified continuous vs discrete and nominal vs ordinal	MEASURE	
2	Every KPI has an operational definition, source and frequency	MEASURE	
3	Check sheet captures date, ticket ID, type, assignment time and defect category	MEASURE	
4	Defect categories are mutually exclusive — every observation lands in exactly one	MEASURE	
5	Sampling plan states how many, how often, by whom	MEASURE	
6	At least one bias risk identified	MEASURE	

Debrief check

Two different people reading your operational definition would record the same value for the same event.

Feedback
